

# Hardwood Cleaner

## Product properties

Effective cleaner for exotic woodwork. Removes dirt and discoloration and enhances the natural appearance of the wood. Biodegradable.

- For exotic wood
- Removes dirt and discoloration
- Enhances the natural appearance of the wood

## Product use

Cleaning of untreated and oil-treated exotic woodwork, outdoors.

Eg. wooden terraces and garden furniture before treatment with wood oil or varnish.

## Substrate

Surfaces must be clean, dry, solid and suitable for treatment.

## Treatment

The surface must be completely dry before subsequent treatment.

## Application

Mop, floor scrubber or cloth.

Always wash in the longitudinal direction of the wood.

Soak the wood surface with clean water.

Use Hardwood Cleaner concentrated and apply with a brush in plenty and let it work for approx. 15 minutes.

Then scrub the surface and rinse with clean water.

In case of severe discoloration, the treatment can be repeated.

Wood fibres are removed by grinding.

## Good practice

Frequently check for overgrowth on the surfaces, and remove such currently.

## Expected result

Clean surface free of grease, soap, wax and dirt.

## Environmental information

Remove the cap before sorting the packaging for recycling.

## Storage

Cool, frost free and tightly closed

## Protection equipment

Protect skin and eyes from splashes with suitable clothing, gloves and glasses.
